Carmel Enjoys Busiest Christmas Season; Verified By Postmaster Fred Strong

By Carolyn Elstob

The amazing part of this story, aside from the spectacular figures, is that the principal actors, as of today, don't look haggard; they don't shap at someone making a four-cent purchase, and they're more than willing to go on—and on—and on—making the Christmas of every person in Carmel a happier day.

Thirty-six employees at the Carmel Post Office, from Postmaster Fred Strong, right through the roster, have been handling our Christmas mail through a rush season, Nov. 15 to Dec. 21, such as Carmel has never seen before.

Parcels that have been mailed (carefully scrutinized for wrapping insuring safe travel) number 22,908.

This number is verified by the post office canceling machine and does not include those mailed out by several of our larger stores who have their own canceling machines.

Greeting cards and letters mailed from Dec. 1 through Dec. 22 total 515,788.

"Through the fiscal year, ending June 30, 1964, the canceling machine registered a bit over 4,000,000 pieces, going to all parts of the world," Mr. Strong remarked. "To get back to this Christmas season, we've sent out 2,592 sacks."

"Incoming this year, since Dec. 1, we've handled 767 pouches of first class mail, 934 sacks of magazines and newspapers, and 2,954 sacks of parcel post."

We remembered the little post office at Mission and Ocean; the intimate little building on Dolores near Seventh and the more elegant building next to the Village Corner.

"This is my 35th Christmas on the job," Fred Strong smiled. "Guess I rate as an old timer, but I'm not the senior around here. Maurice Stoney beats me by a year."

Mr. Stoney took a few short minutes off to talk. "I was born in Utah," he told, "but I came here as a youngster and went to Sunset School . . . not the building you see now. It was a wooden structure and the builder mixed sand in the paint to give it an 'ancient' look. We had three school rooms and three teachers. I remember one time a teacher was ill, so we all crowded into two rooms and

were taught our readin' and writin' and 'rithmetic by two teachers. I went over the hill to Monterey High School. I wasn't taken in the family car!" Perhaps those treks 'over the hill' account for some of Maurice's jolly vitality today! As superintendent of mails, he is indefatigable!

We saw Bill Woolsey, dashing about in his scarlet waistcoat, very elegant, we thought but so Carmel-ish as that raccoon hat he used to don for the Merry Season.

Senior Clerk, Bob Miller and Ray Benson are never in too much of a hurry to say 'hello' or to answer a question. If it is a query about a Carmel family, you can be sure they know the answer!

Mel Taylor whose beautiful voices heard each year in the Bach Festival and in concerts all over the Peninsula has been with our Post Office since 1947.

The "girls," Zella Hammock, Frances Studevant, Irene Francis and Melba Gumm haven't aged a day since we first chatted with them nearly two decades ago. And then there is Speirs Ruskell who has been right there since '49, always smiling Speirs—he knows all the answers!

On Christmas eve the Post Office counter closed at the regular time. But Christmas morning the parcel window was open until noon, so that those precious last-minute gifts might be delivered.

Again we quote our postmaster: "The Carmel Post Office belongs to every resident in town and I believe every one on our staff gives his (her) best in the way of service. We've been just as happy as the shop owners to see the outgoing parcel post volume grow and grow. We're proud of Carmel's prosperity. We are proud of our Post Office record in making this 1964 season the busiest merriest of all."

Problem of Paloma Creek School Students Discussed at Meeting

The problem of getting eight children who live in the Paloma Creek area of Carmel Valley to school, was discussed again at the last meeting of the Carmel Unified School District's Board. Two of the families who resided in the area have moved since the board voted not to provide transportation to their homes, eight miles beyond the last established stop at the Hastings Natural History Reservation. This decision was reached on October 27, and the children have not attended school since then.

The homes of these youngsters lie barely within the eastern limit CUSD along the Jamesburg-Arroyo Seco road. Asst. Supt. Wayne Greenfield told the board that the Greenfield School District had offered to take the four elementary age children of the Robert Manjares family tuition free, but Carmel would have to furnish transportation. A woman living in the area has offered to drive them for six cents a mile and \$1.50 an hour,

driving time. No hourly rate was included when the board offered an in-lieu-of-transportation payment to parents living more than two miles from a bus stop, who were willing to drive their own or other children.

Board members felt that hiring this woman would only be a stop gap at best and would deviate from the policy set. There is also the possibility of more children moving to this part of the District. Transportation has never been furnished and people moving there have been appraised of the fact. Supt. Medill Bair said, "We have about exhausted our explorations. The alternative at this point is just to ignore the situation, which is illegal." He also stated that several state agencies concerned with education are looking into the matter.

Asst. Supt. Greenfield said that he will continue to work on the matter.

The board also began the study of a three year interim report made by the salary committee of the A.T.C. The study was made at the request of the Superintendent and compares Carmel's salary levels with those in comparable districts. Mr. A. D. Graham is chairman of the salary committee.

Feathers . . . From the Shaft

No. 36

By Harry the Fletcher

I am stating my position in the face of old tradition, when we drink the old year out and greet the new; on that Dad of institutions—making New Year's resolutions, which evaporate before the winter's through.

If I write myself a letter with a vow to work more better, that's like saying I've been loafing in the past; or resolve to save my money would be absolutely funny, since I squeeze the eagle 'til it breathes its last.

There are folks who swear to diet, but can't bring themselves to try it, and on New Year's morning swear off liquor, too. There are folks who change religions like a flock of frightened pigeons, while some merely list the things they ought to do.

I consider what's within you will undoubtedly continue, so I just resolve to eat three meals a day, take a bath whenever needed, and when New Year's has receded I'll be in there plugging in the same old way.

Mel Taylor and Assistant Postmaster Bill Woolsey l-o-v-e Christmas—once a year.

Sunset Students Visit Redwood Glen School

The four sixth grade classes at Sunset School have all spent a week at Redwood Glen School. Redwood Glen School is on a 300-acre campus located just north of Scotts Valley in the Santa Cruz Mountains just eight miles from Santa Cruz. The school is in a broad flat valley that contains open meadows, as well as several types of dense forest. The difference in terrain and plant growth afford many opportunities for first hand science studies. The instructors of the school are qualified teachers and have special abilities in this field of instruction. Sleeping and eating accommodations are maintained with high standards.

Earlier this month the sixth homeroom classes of Mr. Blake-man and Mr. Smith had the privilege of attending Redwood Glen School. The children received valuable and rare instruction in the natural sciences. Classes are conducted with emphasis on four areas of study. This first-hand experience takes place in the meadow, chaparral, forest, and riparian (along the bank of a creek). In each habitat emphasis is placed upon the plant life and the animal life and the conditions for its adaptation. The instruction also includes a study of the area of the outdoor school as it was many thousands of years ago. The instructors show the children various levels of the earth as it has been cut away along the hiking trails as well as the fossil beds.

MPC Faculty Group Offers Assistance

Following Dr. Frederick R. Huber's resignation as president of Monterey Peninsula College last week, Warren Chapman, the MPC Faculty Association's chairman, offered the college Board of Trustees "whatever special assistance it may want from the faculty during the difficult period of transition ahead."

"I know I speak for the faculty when I express the wish that Dr. Huber will have every possible success in whatever he undertakes," Chapman said. "We agree with his statement that it is necessary to oppose those who seek to stultify and destroy the best interests of education."

"By coincidence, the college is losing at the same time the men who fill the two top administrative offices," Chapman commented, in a reference to the fact that Dr. Merlin Eisenbise, MPC vice president, has announced his resignation effective June 30 to become president of the newly-established junior college at San Luis Obispo.

"We know that both Dr. Huber and Dr. Eisenbise will do everything possible to assure that the affairs of the college run smoothly during the coming months," Chapman said. "But it is likely that the Board may be confronted with special problems in this transitional period."

"It goes without saying that our faculty has full confidence in the ability of the Board of Trustees to deal with these problems. The faculty and its Association are ready to respond to any request for assistance."

"We concur with Dr. Huber's declaration that Monterey Peninsula College will continue to flourish through the unselfish devotion of a dedicated board, administration, faculty and citizenry," Chapman concluded.

Two Appointed To Bank's Advisory Board

William A. Burkett, President, Security National Bank of Monterey County, announced today that Dr. John H. Gratiot and Thomson J. Hudson have been elected members of the bank's advisory board.

Burkett praised both men's professional experience and interest in the community and said that each would serve a four-year appointment as an advisory board member.

The Security National Bank is Monterey County's only remaining home-owned, independent bank. The bank was founded in Pacific Grove in 1889.

The advisory board will hold its next meeting at the Beach Club on Dec. 27 at a dinner to celebrate the bank's 75th anniversary, Burkett said.

The SUR COAST

By Elizabeth Fuller Jones

"The Three Kings", a limited group of 45 signed serigraphs by Big Sur artist, Cyril Brown, Jr., have been sold during the holiday season to appreciative residents and visitors in the Big Sur area. In keeping with the spirit of Christmas, Mr. Brown produced these colorful, appropriate works of art, and gave the entire proceeds from their sale to the family of little Eric Leopold, a child who has been critically ill for some time. The Leopold family are well known in the Big Sur, Pacific Valley area, where they have lived for the past several years. Mrs. Leopold is a former teacher at the Pacific Valley School.

The annual Community Christmas program was held last Friday night at the Big Sur Grange Hall. Gathered in the beautifully decorated hall were scores of friends and neighbors from Big Sur and environs to enjoy their traditional Christmas party, presented as a joint effort of the teachers and students of the Captain Cooper Elementary School, the Parents Club and the Grange. The 61 students at the school, under the musical direction of Gene Perrine, presented the program. Mrs. Rowena Kelly's first and second graders delighted the audience with

their play "The Cobblers and the Elves" and Lynn Cadwell's and George Selvig's third through sixth graders, sang carols. As in past years, the various businesses in Big Sur donated money with which to purchase material for Christmas stockings, and their contents. Two hundred stockings were made and filled and Santa Claus gave one to each of the children and adults that were present for the gay party.

Jehovah's Witnesses Circuit Supervisor Visits

Francis H. Goetz, presiding minister of Jehovah's Witnesses in Carmel, Pacific Grove and the coastal section south of Carmel announced the visit of circuit supervisor Floyd E. Kite, during this week.

"The congregation anticipates a week of increased activity and spiritual benefit from Kite's visit," Goetz stated. The visit is described as part of an advanced training program for Jehovah's Witnesses. The activity scheduled is also designed to encourage more Bible discussion by people of all faiths in the community.

The program began Tuesday at 7:30 p.m. with a ministry training school, followed by a 30 minute discourse by Kite.

Wednesday through Sunday some time will be devoted to field missionary service each day. Kite will join ministers from the local congregation in making calls on residents in the community. This is part of the regular door-to-door ministry and training program of Jehovah's Witnesses.

The Saturday evening program begins at 8 o'clock with a Bible question period, "New Things Learned," which consists of audience participation. A 30-minute discourse by Kite dealing with counsel for improving one's personal ministry concludes the session.

Highlight of the week comes at 6:00 p.m. when Mr. Kite gives the public talk "Building a Happy Human Family." A congregation Bible study using the Watchtower magazine as an aid, and final remarks by Kite, bring the week's activity to a close. All meetings will be held at Kingdom Hall, 523 Ramona Ave., Monterey. Persons of goodwill are welcome and no collections taken.

Senator Engle Proposes Memorial For J. F. K.

WASHINGTON, D.C.—Legislation to speed construction of the National Cultural Center in Washington, D.C., renaming it the John Fitzgerald Kennedy Memorial

Center, is being co-sponsored by Senator Clair Engle (D-Calif.).

Senator Engle joined Senator J. William Fulbright (D-Ark.), Chairman of the Senate Foreign Relations Committee, in sponsorship of the legislation to authorize appropriation of Federal funds to match private bequests, donations and contributions.

Renaming the center in honor of the late Chief Executive, Senator Engle feels, would be a deserving tribute to former President Kennedy whose interest in and support for the cultural center were unflagging.

Jan Kessler Delights Studio Theatre Patrons

Filling the Studio Theater-Restaurant auditorium to capacity, at the invitation of Lee Harbick, editor and publisher of Game and Gossip Magazine, avant garde theater enthusiasts from all parts of the Peninsula chatted back and forth as they enjoyed a festive dinner and sat spellbound through the unique entertainment that followed.

Lee Harbick is a genius at bringing congenial people together and on Wednesday night her triumph was doubled in the presentation of an artist of rare talent.

Jan Kessler, the wonderful Swiss pantomimeist, brought to life twelve beings, including a buckster of suspenders and a man feeding birds in the park, with his voiceless, wordless art.

In the traditional whiteface of the European mime, before stark black curtains that permitted concentration upon his minutest gesture, Mr. Kessler became in turn, a child flying a kite, climbing a tree, and attempting to roller skate. Each child succeeded and failed, and it was all written on the artist's face. Then Mr. Kessler became two people before the eyes of the audience, each tugging on a rope attempting to pull the other over an imaginary line. The tug-o-war sketch brought out the sublime humor and deftness of the art of pantomime, surely the most difficult of the theater arts. With no words to hide behind, the mime speaks with his littlest finger, an arched eyebrow, a frown that stretches down to the tip of the chin. Jan Kessler has a large vocabulary.

It is unfortunate that more talent of this caliber is not available on the peninsula—or if it is, that it is not brought out for all of us to enjoy. "Audiences in Europe and America have never gone away from my performances sad," says Jan Kessler. "I ask you, do you think that I am wasting my time performing this art?" I don't think so.

Mr. Kessler, now a resident of Monterey, and formerly director, actor and designer at the Dallas Center for the Performing Arts is contemplating a series of shows in San Francisco, and perhaps another on the peninsula. He also intends to bring to life the old tradition of traveling performer, creating on the back of a truck a stage, a home, a complete world whereby he can transform frowns into laughter. He wants to travel through Mexico where I feel his universal language will be readily understood.

All the sets and costumes were designed and built by Mr. Kessler and his wife Dora, who also composed and played the music on an old instrument called a harmonium. Stage direction was by Harry Davis, who incidentally, ran one of the most efficient stages I have seen in a long time. Everything was quick, quiet and orderly. In all, it was rewarding performance, and if it were to be presented again tomorrow, I would go.

—J. Kamstra

PADRE PATER by Mary Hurn

Deck the halls with happy Padres!!! The Christmas spirit was high at CHS last week as Padres prepared for the holidays. Last Saturday, about fifteen energetic students gave the school a Christmas present — they spent the morning and afternoon clearing up the campus and weeding some of flower beds.

Thursday, we had our annual Christmas assembly which was directed by Mr. Farr. The band played three numbers including Bay State, The Province of Lorraine, and Studio One. Lisa Jaffe played a very nice obde solo. The choir sang many Christmas carols and songs. Jackie Ward sang a beautiful solo part in the choir. Later, the whole student body joined in on the more traditional carols.

The publications class put out a special Christmas issue of the Padre, the school newspaper. They also surprised Mr. Rainer, the teacher, with a Christmas cake.

Many of the rooms have been decorated in the Yuletide spirit. Mrs. Brey's room is one of the most interesting. She has made a bulletin board which tells about the various Christmas customs and explains their origins.

The home arts department has made Christmas cookies and a Christmas bulletin board.

Circle Theater Drops Sun.
Evening Performances,
Matinees Instead

Sunday evening performances have been discontinued for an indefinite period by the Golden Bough Circle Theatre. Matinees, beginning at three o'clock, will be substituted for them.

The change in schedule was announced this week by director Frederick Rider in response to a demand for a Sunday show which would allow the audience to arise early Monday mornings, or even to drive back to homes in the San Francisco area following the performance.

The three o'clock curtain will go into effect on January 5, the first matinee of Shaw's "Misalliance." A four o'clock time has been in use for the past three weeks, during which children's performances of "Amahl and the Night Visitors" were played on Saturday and Sunday afternoons.

REVIEWED BY HARRY WELLESLEY FLETCHER

Korea, The Victimized, Peace-Loving Nation

THE LIVING REED, by Pearl Buck, The John Day Company, New York. At The Wells book stores.

Pearl Buck has just published her 57th novel, or is it the 67th? Pearl Buck's novels have given the world an awakened understanding and appreciation for the Chinese people from the peasants of *The Good Earth* to the Dowager Empress of *Imperial Woman*. Now she has wrought a like marvel for Korea.

This new book, *The Living Reed*, tells the story of a close-knit family who dedicate themselves to the salvation of their homeland, that tiny peninsula hanging like a golden fruit before the longing eyes of surrounding nations. The reader lives with them from the splendid era of Queen Min to the climactic days of the Second World War, and emerges not only with admiration for the Korean people and their rich culture, but with the excitement of discovering a little known and fascinating history closely entangled with the history of America itself.

Kim-II-han, an adviser to the throne when we first meet him in 1881, is to become the family patriarch, and the steadfast and pas-

sionate love between him and his wife Sunia spins a shining thread that ties the story together. Il-han's father, he himself, his two sons, and the sons of the latter all are engrossed from birth to death in the struggle for Korean independence.

The elder of the two sons, after Japan's seizure of Korea, joins the exiled revolutionaries and becomes known as "The Living Reed."

Korea is the Asian country least known to the western peoples, although to the three nations surrounding her, China, Russia and Japan, she has been well known for centuries and highly valued, and recent history has been only a continuation of that profound interest, the author tells us.

Through no fault of her own, Korea has been a land of turmoil for centuries. It was founded by a people in search of peace. Four thousand years ago many different tribes lived in Central Asia. In their nomad life these tribes wandered in different directions, the Han, or Chinese, southward to establish the country later called China, after their first emperor. Among those who went northward were the Tungu tribes, and one of these was the Puyo tribe, who settled in the region now known as Manchuria. There they became an agricultural community and there they might have remained except that to the west lived a fierce nomadic tribe, the Hiong-Nou, or Huns, the ancestors of the Mongols, and to the east the Mat-hat tribe, the ancestors of the Nuchen or Manchurians. Between these two barbarian peoples the more cultivated Puyo tribe found themselves oppressed, and soon they were forced southward into the peninsula now known as Korea. It was an ideal place for them, surrounded on three sides by the sea, and protected on the north by mountains, and here they developed a remarkable culture, rich in arts and crafts.

The story takes the reader up to present times, and is engrossing reading, not too cluttered with historical data, merely sufficient to give the story cohesion. Pearl Buck knows her Asia, and shows deep feeling for the unfortunate Korean people, betrayed by the Americans when President Taft signed the secret treaty, giving Korea to the Japanese.

WANDERER, by Sterling Hayden, an autobiography, published by Alfred A Knopf, New York. At The Wells book stores. To be reviewed in these columns in our next issue — the story of a man who walked out on a successful Hollywood career, a shattered marriage, and practically penniless, set sail for the South Seas. Intriguing.

"Misalliance" Opens at Circle New Year's Eve

A stellar cast will add sparkle to Bernard Shaw's bubbling comedy, "Misalliance," when it opens New Year's Eve at the Golden Bough Circle Theatre. Five of the actors have previously played leading roles at the Circle, and several have been featured in other Peninsula theatres as well.

Ruth Marion McElroy plays a Victorian matron, easily shocked by the twentieth-century attitudes of her scintillating husband. Rosamond Goodrich is cast as her daughter, an outspoken, freethinking product of the father's progressive ideas about child-rearing. Marcia Hovick makes a dramatic entrance in the role of a Polish aviatrix who captivates the gentleman's evergreen heart. Robert Floeter, Jr., plays a handsome young intellectual who upsets the daughter's wedding plans and carries her off for himself and Frederick Rider has a wildly unruly moment as a character dear to Shaw's heart, a Trafalgar Square socialist erupting through the British upper crust.

Bringing new blood to the Circle stage are John Boles, frequently featured player with the N.P.G.S. theatre group, as the man around

whom all of the excitement revolves, and John Cooke of Carmel Highlands, cast as the retired governor of a Crown Colony. MPC student John Goldring has the role of the governor's puny but brainy son, and Marina teacher Dick Bird plays Boles' stuffy business-man son.

"Misalliance," a Shaw masterpiece which was neglected for

many years, was brought brilliantly back to life in a Broadway revival starring Martyn Green and Roddy MacDowall. Since then it has enjoyed great popularity in little theatres throughout the country. The Golden Bough will present it on Friday and Saturday evenings at 8:30 and Sunday afternoons at 3:00, for seven weekends following next Tuesday's opening.

FROM MERRIE OLD ENGLAND,
WE GIVE YOU ADVICE FOR THE NEW YEAR:

"First see the land which thou intend'st to buy. Within the
seller's title clearly lie, And that no woman to it doth lay claime,
By dowry, joynture, or some other name, That may incumber.
Know if bond or fee, The tenure stand, and that from each
feoff. It be released, that th' sellers be soe old, That he may
lawful sell, thou lawful hold. Have special care that it not mort-
gag'd lye, Nor be entailed upon posterity. Then if it stand in
statute bound or noe, Be well advised what quitt rent must
goe. What custome service hath been done of old By those who
formerly the same did hold, And if a wedded woman put to
sale, Deal not with her unless she bring her male, For she doth
under covert barren goe, Although sometimes some traffique
soe (we know) Thy bargain made and all this done, Have spe-
cial care to make thy charter run To thee, thy heirs, executors,
assigns, For that beyond thy life securely binds. These things
foreknown and done, you may prevent Those things rash buy-
ers many times repent; And yet when you have done all you
can, If youle be sure, deal with an honest man."

WHEREAS, said real property is not and will not at the time of delivery of title or possession, as specified in said Agreement, be needed for school classroom buildings by said District,

NOW, THEREFORE, BE IT RESOLVED:

AGREEMENT TO BUY AND SELL REAL ESTATE (Exhibit A)

THE CARMEL UNIFIED SCHOOL DISTRICT, a political subdivision of the State of California, hereinafter referred to as School, does by these presents agree to sell, and the CITY OF CARMEL-BY-THE-SEA, a California municipal corporation, hereinafter referred to as City, does by these presents agree to buy, certain real property more particularly hereinafter described, on the following terms and conditions:

WITNESSETH:

(1) **PURCHASE PRICE.** The purchase price shall be the sum of \$550,000.00, payable as follows: Cash on or before January 1, 1965.

(2) **ALTERNATIVE PAYMENT PROVISION.** City believes it is unlikely that it can legally agree to make deferred payment as herein provided, but should City be able to accomplish the acquisition of the property either directly or indirectly through a third party by means of deferred payments, School agrees that said purchase price, at City's option, may be payable as follows:

(a) Sixty per cent (60%) or more of said sum paid on or before January 1, 1965, balance amortized by annual payments of one-third (1/3) of the balance or more, together with interest at the rate of five per cent (5%) per annum on the unpaid balance, paid together with such annual payments of principal so as to amortize the balance of the purchase price over a period of not to exceed three (3) years.

(3) **TITLE AND POSSESSION.** Title shall pass to City upon payment of the purchase price, or if the alternative payment provision is exercised, then to City or order upon payment of the down payment of sixty per cent (60%). School in such event to be beneficiary under a first deed of trust on the property to secure the balance of the payments due School. School may at its option rent said property from City, or nominee, at a monthly rent of Two Thousand Dollars (\$2,000.00) per month for such period of time as it chooses after the passage of title to City, but not to exceed or extend beyond July 1, 1965.

MENTS. It is understood that all fixtures, including property peculiar to school use, and playground equipment, are to be transferred to City as part of this transaction, excepting only kitchen equipment and kitchen fixtures, which may be removed by School.

(5) **DESTRUCTION OF IMPROVEMENTS PRIOR TO TRANSFER OF TITLE.** School agrees to keep the improvements on said property insured against fire loss in at least the amount of \$300,000.00 from the date of this agreement until City acquires title to the property under this agreement or the option granted herein-after, or until the parties, or either of them, are excused from performance of this contract. If the improvements are destroyed or materially damaged prior to the transfer of title, then at City's option this agreement shall be null and void and of no further force and effect; or at City's option, City shall be entitled to the property as it may or not be restored or reconstructed by School, together with any funds received by School due to damage or loss of said improvements from its insurance, up to the amount of \$300,000.00, and not expended on restoration or reconstruction of the improvements on said property by School.

(6) **TITLE INSURANCE.** At the time of payment of the purchase price, or the payment of the down payment of sixty per cent (60%) or more, should City elect the alternative payment provision of paragraph (2) hereinabove, City shall be entitled to a title insurance policy from a recognized title company in such form as it may require, showing the property to be free and clear of all encumbrances, easements, reservations, conditions or restrictions of record, except as City may except, the cost of such title insurance policy to be borne equally between City and School.

(7) **USE OF AUDITORIUM.** It is intended by both parties hereto that after the consummation of this sale, the use by the School District of any auditorium now existing or hereafter to be constructed on the property to be transferred herein is envisioned, said use to be granted said School District for school functions for periods of time aggregating not more than twenty-one (21) calendar days during the normal school year, said use to be provided to School District at no charge other than actual out of pocket expenses of City for utilities and normal charges for janitorial service or the service of such other personnel as may be required to be employed in such use for reasons of health, safety and public welfare; and subject further to School's reserving the use of said auditorium for such school functions at least six (6) months in advance of the date they wish to use it.

City is expressly released from any obligation to School under this paragraph for such periods of time as such auditorium becomes unfit for use as an auditorium for any reason, including demolition or construction work of any nature undertaken by the City or its assigns.

All rights of School under this paragraph shall terminate twenty-five (25) years after passage of title to said property from School to City.

(8) **EMPLOYMENT OF FINANCIAL CONSULTANTS BY CITY.** In consideration of School's agreeing to sell said property on the terms hereinbefore set out, City agrees forthwith to employ a firm of financial consultants to determine the feasibility of the purchase envisioned herein from City's standpoint, and require of such financial consultants that they submit their report in writing to City not later than March 2, 1964.

(9) **CONTINGENCIES EXCUSING PERFORMANCE BY SCHOOL.** Should City fail to receive a report in writing from such consultants on or before March 2, 1964, School at its option may terminate this agreement, and upon such termination, this agreement between City and School shall be of no further force and effect.

(10) **CONTINGENCIES EXCUSING PERFORMANCE BY CITY.** City shall be excused from any performance under this agreement under any of the following circumstances:

(A) Failure by School by Board action during the first week of December, 1963, to cause to be published School's intention to sell said property to City as provided by law in such matters.

LEGAL ADVERTISEMENT

(B) Failure of School by its Board to cause this agreement to be executed on behalf of School on or before January 15, 1964.

(C) Should the report of the financial consultants employed by City, as referred to in paragraph (8) hereinabove, reflect that such consultants advised that it is unfeasible or inadvisable for the City to undertake the purchase contemplated herein from a financial standpoint, then City at its option may terminate this agreement, which shall thereafter be of no further force and effect or binding upon the parties in any way.

(D) In the event City does not have the sum of Five Hundred Fifty Thousand Dollars (\$550,000) in cash available, in addition to the cash requirements of City's budget, to make the purchase as contemplated herein in accordance with the terms of paragraph (1) of this agreement, on or before January 1, 1965, then this contract shall be of no further force and effect as between the parties unless City exercises its option under such circumstances as provided for hereinafter.

(11) **OPTION.** In the event City does not have funds available to complete this purchase as of January 1, 1955 in accordance with the terms of paragraph (1) of this agreement, School, for and in consideration of the sum of One Dollar (\$1.00) and other good and valuable considerations, does by these presents grant the City an option to purchase said property on or before January 1, 1966, on the same terms and conditions as hereinabove recited, except that in such event the total purchase price shall be paid in cash; and further, that in order to take advantage of such option, City must pay School, as consideration for such option, the sum of Fifty-Five Thousand Dollars (\$55,000.00) on or before January 1, 1965, said \$55,000.00, however, to be credited towards the purchase price, provided the balance be paid in cash not later than January 1, 1966. In the event the property is purchased pursuant to this option, then in such event, the School District shall have the option to rent said property from City at the rate of Two Thousand Dollars (\$2,000.00) per month for such period of time as it chooses, but in no event for a period of time to extend beyond July 1, 1966.

MPVS Gives Cryostat

to Community Hospital

CARMEL, Dec. 23, 1963—Monterey Peninsula Volunteer Services have presented to Community Hospital a \$1,690 cryostat.

A cryostat looks and works like a small deep freeze. It is used by pathologists to section tissue during surgery to determine whether cancer is present.

Dr. Osman Hull, pathologist at Community Hospital, said that the cryostat can be used in the room

where surgery is taking place for an immediate diagnosis.

The equipment can section tissue and place it on a slide automatically and under freezing conditions. The slide is then examined by microscope.

Dr. Hull said the equipment is now used two or three times each week.

Marinating with wine should be done in a tightly sealed jar or container. Tenderizing and flavoring results will be speeded by slight heat (to about 110 degrees F.).
